WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Martin offers discretionary investment advisory services to retail investors. These services include advice about investments that are specifically chosen to meet each client's particular needs (such as risk aversion, tax considerations and overall investment goals) and include, among others, corporate and government bonds, tax-exempt bonds, common stock and other equity securities, and ETFs representing various domestic and international fixed income and equity markets. Our firm offers advisory services to individual investors in separately managed accounts. Martin's services include ongoing monitoring of your investment portfolio and at least an annual review of your investment goals. Martin manages your account(s) with discretionary authority. This means that we will be authorized by you to make investment decisions for your account(s) and will buy and sell securities for you. Martin does not limit investment options to proprietary or affiliated products. The minimum size for new accounts is \$2.5 million, although this minimum is subject to negotiation. Additionally, Martin provides discretionary advisory services to institutional investors. For more detailed information about our services, refer to our [Form ADV Part 2A brochure](#)³

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments that are suitable for my account(s)?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

WHAT FEES WILL I PAY?

Description of Principal Fees and Costs: Martin charges retail investors fees based on assets under management. The services and fees are specified in an agreement between you and Martin. Your fee is calculated based on a percentage of the value of your investment account on the last business day of the previous quarter. The more assets you have, the more fees you will pay creating an incentive for us to encourage you to invest additional assets. Retail investors are billed in arrears on a quarterly basis, at the rate set forth in their Investment Management Agreement.

Description of Other Fees and Costs: Other fees charged to you that are related to your account are fees paid to the custodian and broker, fees related to mutual funds, ETFs, bonds, as well as other transactional fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. The fees for investment advisory services are described in further detail in our firm's ADV, in particular, Part 2A brochure, Item 5 “Fees and Compensation”.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means.

First Horizon Bank (“First Horizon”), a wholly owned subsidiary of First Horizon National Corporation, and state chartered in Tennessee, is a full service bank engaged in traditional lending, cash and/or treasury management and other services. Martin is also a wholly-owned subsidiary of First Horizon National Corporation. First Horizon, through its trust division, offers banking and trust services, including investment and wealth management services. Martin provides investment advisory services to First Horizon. First Horizon also provides custody and administrative services to some of Martin’s clients pursuant to separate agreements with the clients. To alleviate any potential conflicts of interest, Martin executes trades with unaffiliated brokers. The trades are placed in random order as described in Form ADV, Part 2A brochure, Item 12 “Brokerage Practices”

Additional Information: For more detailed information regarding conflicts of interest, please see our [Form ADV, Part 2A brochure](#)³
